🎓 Experienced Tutor | University of Helsinki | MSc in Physics

I hold an MSc in Physics from the University of Helsinki and a BSc in Theoretical Physics from Aalto University. With 16 years of experience teaching IB Physics and A-Level Physics, I have worked with students from across Europe, helping them achieve excellent results in their exams.

Teaches: IB Physics A-Level Physics IGCSE Physics GCSE Physics AP Physics

Curriculum: IB A-Level GCSE IGCSE AP

## Qualifications

**University of Helsinki:** MSc in Physics (2006–2008)

**Aalto University:** BSc in Theoretical Physics (2002–2006)

Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

For the past 16 years, I have had the privilege of teaching physics to students at different academic levels, from IGCSE to IB and university entrance exams. My work has taken me across Finland and Europe, where I've guided students through complex physics topics, ensuring they grasp both the theory and practical applications.

I have also been an active examiner for international physics exams, assessing student portfolios for Cambridge Assessment. This has allowed me to stay current with global assessment standards and bring a rigorous approach to my tutoring. Many of my students have gone on to excel in university-level physics and other scientific disciplines.

In addition to teaching IB and A-Level curricula, I've helped students preparing for the AP Physics exam. My experience includes teaching both SL and HL levels in IB Physics, and my students consistently achieve top scores, often progressing to prestigious universities across Europe.
